

# HOW GOOGLE BRIBED IT'S WAY INTO THE TAKE-OVER OF THE WHITE HOUSE!

*"If you fill the hen house up with your own weasels, then you can be certain that only your vermin get to steal all of the eggs."*

Google and it's vast array of shell companies, trusts, family funds, associates, contracting LLC's, PAC's and other stealth drop-box holdings has been handed over a trillion dollars of your tax money as government gifts and hand-outs.

Why?

Probably because Google gave the largest campaign financing to the Obama administration, in history, and Google's own staff and friends run a large part of The White House and federal agencies. From Google's Steven Chu at DOE to Google's Michelle Lee at USPTO to hundreds more; they all exclusively handed Google trillions of taxpayer dollars and shut out all of Google's competitors. This is a felony set of crimes but, until we get a new administration in Washington, nobody is getting arrested....yet!
