STEP-BY-STEP 100% LEGAL TERMINATION PROCEDURES FOR TAKE-DOWNS OF CORRUPT PERSONS

These tactics generally only work on criminally illicit and corrupt targets. The "good guys" will not become "collateral damage" in these types of actions because these tactics don't function on non-criminals.

You will expose the dirty and illicit deeds of the target using the same technologies, tactics and methods used by the FBI, CIA, FSB and other high-end operators. All of these actions are 100% legal if you use them in proper legal fashion.

The team will:

- Expose their Hookers in widely released news and social media releases
- Expose their Rent Boys in widely released news and social media releases

- Promote new laws that makes what that criminal uses as a loop-hole, illegal
- Re-release all of the above every six months in order to keep the crimes in people's minds
- Use "The Striesand Effect" to it's maximum technical potential and research how the "Effect" works

- Grow your network of voters and taxpayers who are helping you and make your supporter network bigger every day

- Expose the manner in which Google, Facebook and Twitter fight against exposing their criminal friends

- Use Google, Facebook and Twitter's own illicit tools against them and expose them with "Hypocrisy

Exposure" when they censor

- Expose their stock market manipulations and valuation rigging in Wall Street Pump-And-Dump scams

- Expose the insider trading where Senators own the stock that they just provided government perks for

- Expose politicians that make tens of millions more dollars, from mystery funds, than their salary should allow

- Use pictures of expensive toys that politicians acquired from taxpayer funds via crony payola

- When they are hacked (which you legally can't do) expose the hacked material globally as far as possible (which you legally can do)

- Read and analyze all publicly posted hacked emails and point out the crimes it exposes

- Meme any criminal remarks that the target makes

- And thousands of additional fully legal public investigation methods...

As an example: Every single crooked politician, hit-job "reporter" and their corrupt billionaire financiers, have been using these tactics against the public for 20 years. Silicon Valley, David Brock's groups, John Podesta's groups, Stratfor, Black Cube, Gawker/Gizmodo and a host of illicit organizations have used all of the above tactics to attack domestic taxpaying citizens in the USA.

Pelosi, Feinstein and their financiers use Gizmodo Media, Gawker Media, Jalopnik, and Univision to run retribution vendetta hatchet job media attacks on members of the public that speak out about their crimes. In exchange here is what the public is "giving back" to Gizmodo Media, Gawker Media, Jalopnik, and Univision:

"1. Added Gizmodo, Jalopnik, Univision prostitute and rent boy uses to master Google docs files and forwarded to law enforcement...

2. Sent duplicates of reports previously provided to James Comey to Christopher Wray at the FBI and regional FBI offices...

3. Added Gizmodo, Jalopnik, Univision tax evasion records to master Google docs files and reported them to IRS, EU and InterPol...

4. Added Gizmodo, Jalopnik, Univision political party past work records to master Google docs files and copied that to adversarial political parties and reporters...

5. Updated every case file on each Gizmodo, Jalopnik, Univision past and present worker in master Google docs files and forwarded them to investigative organizations...

6. Source backers for Gizmodo lawsuits and contact every party attacked by Gizmodo Media to introduce backers, litigation firms and draft case merits to assist with their cases...

7. Launch Gizmodo expose' national news articles and distribute by hand to all related reports in AP, Reuters, Muck Rack, DNC and GOP mailing lists, with background data sets...

8. Release video of London young men who claim to have been abused by Nick Denton...

9. Release video of Manhattan young men who claim to have been abused by Nick Denton...

10. Add Gizmodo, Jalopnik, Univision political email communications with Obama White House to master Google docs files and distribute to AP, Reuters, Muck Rack, DNC and GOP mailing lists, with background data sets...

11. Privately contact Gizmodo, Jalopnik, Univision current and ex-staff and offer cash awards for whistle-blowing...

12. Submit formal "requests for charges" with SEC, FBI, FTC, IRS, FEC, FCC, GAO, DOJ and other agencies...

13. File Grand Jury requests for hearings into tax evasion, money laundering, stock rigging, collusion, election manipulation...

14. Prepare rapid-response story points for the Gang-of-20 reporters to counter any Gawker/Gizmodo façades of First Amendment rights with proof of why Gizmodo, Jalopnik, Univision gave up their rights by engaging in crimes...

15. Destroy the investors and company trying to revive Gawker Media by exposing the dirty finances, fake ad stats, click-farms, hookers, money laundering, FEC fraud and other dirt behind them...

16. Deliver the full dossier on them to the public and the media..."

That is just a tiny example from one small campaign.

The pain must be extreme when a politician, who is hired to protect you, puts a thirty million dollar kill order on you that you could never possibly over-come. Taxpayers should not be destroyed because they "did the right thing" and reported a crime.

A business only has the right to sell a product or service. They do not have the right to manipulate politics.

A politician only has the right to serve YOU. They do not have the right to serve themselves criminal money laundering and insider trading.

A few of the procedures that will be used include:

- Using computerized tracking to take one single photo of their face and find every social media account, yearbook, photo gallery, tweet, Linkedin post, drivers license, dating site or other document they have ever been associated with in their life. Photo comparison software and facial recognition AI software can accomplish these kinds of massive searches in minutes and create hundreds of pages of dossier material on the subject rather rapidly. A Master Dossier File (MDF) is created on the target and each sequence of data recoveries is computer cross-matrix checked, analyzed and cross compared, via open-source free software, to each of the data recoveries you pull on the target.

- Redflex Red Light camera systems is an international network of red light and public surveillance cameras that sells, through third parties, the license plate number-based and GPS-based locations of people and their cars, including faces of the drivers and their passengers, anywhere in the country. Their database is sold through "data service" providers. Their service allows one to track where the target drove to and from and to watch them at get them arrested or ticketed if they make even the slightest error while driving. This information is dumped into the digital Master Dossier File (MDF) that is already created, and growing, on the target.

- Axciom is a data services provider who will provide the medical history, sexual orientation, drinking habits and almost all personal habits of any person in the nation. They will enhance the dossier on your target with deep details. Axciom is who companies like Google, Facebook, Twitter ultimately dump the public's data to, through a series of covert shell services and digital intermediaries. This information is dumped into the digital Master Dossier File (MDF) that is already created, and growing, on the target.

- Every taxi cab ride, Lyft ride, Uber ride and hired services car ride the target ever took can be purchased from private investigation firms. Uber, Lyft and related services have been deeply hacked and most of their user information, routes, pick-up addresses and drop-off address are available opening on the web. This information is dumped into the digital Master Dossier File (MDF) that is already created, and growing, on the target. If the target is cheating on his wife, girlfriend or other partner, their covert rides will reveal it.

- The video records of every bar, strip-club, hotel check-in and pharmacy condom purchase are available on databases. This information is dumped into the digital Master Dossier File (MDF) that is already created, and growing, on the target.

- In pre-1999 surveillance, you needed to physically follow a target around in a vehicle to see what they do, where they did it and who they did it with. That is no longer the case. Now, almost every target carries a tracking and recording device as their cell phone, their vehicle electronics, their smart tv, their smart utility monitor, Amazon Alexa device, Siri spy device...everything that can connect to a router is reporting to open networks. The target will legally provide surveillance on themselves for the case. All of the data that you legally require can and will be used. This information is dumped into the digital Master Dossier File (MDF) that is already created, and growing, on the target.

- Every time the target touches a glass, uses a bathroom or leaves any public evidence of their biological material that material can be analyzed by public services labs to see what drugs they are taking and the level of their alcohol addiction. Any drugs in their system, that the target does not hold a legal prescription for will be prosecuted and the targets source of those illicit chemistry compounds will be exposed. Quest Labs is one of the largest human testing labs in the world. Quest thought it be better to save money than to update their hardware to remove the back-doors. Now the medical records of every Quest patient has been exposed online and Axciom and other providers have incorporated that data for sale in their services. This information is dumped into the digital Master Dossier File (MDF) that is already created, and growing, on the target.

- Few dirty operators do their dirty deeds for free. Most of them are not paid in cash. The illicit payments to the target that are tracked and uncovered by the other data in your MDF include: Billions of dollars of Google, Twitter, Facebook, Tesla, Netflix and Sony Pictures stock and stock warrants which is never reported to the FEC; Billions of dollars of Google, Twitter, Facebook, Tesla, Netflix and Sony Pictures search engine rigging and shadow-banning which is never reported to the FEC; Free

rent; Male and female prostitutes; Cars; Dinners; Party Financing; Sports Event Tickets; Political campaign printing and mailing services "Donations"; Secret PAC Financing; Jobs in Corporations in Silicon Valley For The Family Members of Those Who Take Bribes And Those Who Take Bribes; "Consulting" contracts from McKinsey as fronted pay-off gigs; Overpriced "Speaking Engagements" which are really just pay-offs conduited for donors; Private jet rides and use of Government fuel depots (ie: Google handed out NASA jet fuel to staff); Real Estate; Fake mortgages; The use of Cayman, Boca Des Tores, Swiss and related money-laundering accounts; The use of HSBC, Wells Fargo, Goldman Sachs and Deustche Bank money laundering accounts and covert stock accounts; Free spam and bulk mailing services owned by Silicon Valley corporations; Use of high tech law firms such as Perkins Coie, Wilson Sonsini, MoFo, Covington & Burling, etc. to conduit bribes to officials; and other means now documented by us, The FBI, the FTC, The SEC, The FEC and journalists. This information is dumped into the digital Master Dossier File (MDF) that is already created, and growing, on the target.

- The vibration of the glass on the outside of a vehicle, house or office building has been considered to be public-domain broadcasting of the targets voice. It is still legal to record those vibrations from outside, in the public. Those vibrations include voices if done legally. This information is dumped into the digital Master Dossier File (MDF) that is already created, and growing, on the target.

- Good optics can see for miles. CNN has broadcast images of the President arguing with staff in the Oval Office legally recorded from the street from outside the White House. No CNN staff were ever charged for this by the Secret Service. This sets a legal precedent for legal recording of lips. Public source lip reading software is publicly available and up to 98% accurate. That is why athletes and coaches cover their mouths when they talk on sportscasts. Anything a target says on the street, at a party or in many public events can be interpreted by lip reading software. This information is dumped into the digital Master Dossier File (MDF) that is already created, and growing, on the target.

- By engaging in the corrupt, criminal, illicit, under-handed actions that target undertook, target has made themselves a suspect in a criminal investigation. Tip lines, Inspector General offices, Audit inspectors and law enforcement bureaus will receive summary reports from the team about the suspect. Reports will be sent to: FBI, DEA, IRS, INS, DHS, OSC, FTC, SEC, FCC, EU, INTERPOL and all effective law and regulatory agencies with jurisdiction over the home and work locations for the target.

- Any sound projected into the public air, or airwaves, by the target, is considered by law, to be public domain. Modern laser, microwave and related interferometry and harmonic resonance detection technologies can capture the air movement around the targets mouth and transduce that movement, directly, or from sonicly reflective objects, into audible sound. Any words uttered near, or via, an electronic device, such as an Alexa, Google NEST or Siri device, which is known to be always listening may be scanned. Those voice trails are computer monitored for any of over 10,000 keywords or "hot phrases" which will trigger deeper automated surveillance. This information is dumped into the digital Master Dossier File (MDF) that is already created, and growing, on the target.

- Palantir database collection software, DEA database collection software, Microsoft Accel collection software, XKEYSCORE database collection software, Salesforce database collection software, NSA database collection software, Amazon database collection software, Safeway database collection software, Walgreens database collection software, Fastrak database collection software, DMV database collection software, Quest Labs database collection software, Axciom database collection software, Google database collection software, Facebook database collection software, Linkedin database collection software, Instagram database collection software, ADL database collection software, and thousands of other intelligence databases all cross-connected to each other through primary, secondary,

tertiary and covert black front reseller services. All of that data relative to the target and their friends, family and contacts is computer cross-matrix checked, analyzed and cross compared, via open-source free software, to each of the data recoveries you pull on the target. This information is dumped into the digital Master Dossier File (MDF) that is already created, and growing, on the target.

- New companies and new research are applying the cutting edge technology in at least three different ways to combat cheating — on homework, on the job hunt and any form that target files. In California, a new company called Crosschq is using machine learning and data analytics hunt targets lies. In Pennsylvania, Drexel University researchers have produced an app that can predict targets emotional lapses based on the time of day, the user's emotions — even the temperature of their skin and heart rate. In Denmark, University of Copenhagen professors can spot cheating on an academic essay with up to 90% accuracy. The results add to the growing amount of technology that pinpoints plagiarism in schoolwork. These are a few of the ways algorithms, analytics and machine learning are deep-tracking the lives of targets. Darrell West, founding director of the Brooking Institution's Center for Technology Innovation, said the use of artificial intelligence is widespread. It powers robo-spies like Betterment and Wealth, it it assists in medical diagnoses, and it aids school systems when they sort through target academic data. Weeks of investigation hand work on the target can now be accomplished with a few mouse clicks. This information is dumped into the digital Master Dossier File (MDF) that is already created, and growing, on the target.

- There are tens of thousands of other methods that you will learn the procedure for in SECTION TWO of your training...

What Is An 'Extinction-Level Interdiction Program' For Corrupt Companies And People?

By The Leesberg Foundation

It only works on corrupt companies that bribe, break the law, abuse employees, rape, tax evade, lie, cheat, steal, run character assassinations, operate anti-trust violating monopolies, spy and are generally dirty pigs.

That is why it works so well on Google, Gawker, Gizmodo, Jalopnik, Univision, Facebook, Tesla, Goldman Sachs and other creepy corps who bribe, break the law, abuse employees, rape, tax evade, lie, cheat, steal, run character assassinations, operate anti-trust violating monopolies, spy and are generally dirty pigs.

'Extinction-level' means that the goal is to put them-out-of-business.

'*Interdiction*' means that the effort involves interrupting their corruption, crimes, bribes, payola and sex trafficking.

It is a '*Program*' because it is a constant, unwavering, long-term effort that the entire public population is continually expanding and adding to the effort of.

The efforts are long and take many years but they always work.

If your company does not bribe, break the law, abuse employees, rape, tax evade, lie, cheat, steal, run character assassinations, operate anti-trust violating monopolies, spy and they are not generally dirty pigs then they have nothing to worry about.

If the truth can't hurt a Facebook, Google or Tesla then they should have no concern about the truth being exposed.

Alas, though, those companies are targeted for extinction and any smart investor should remove their investment funds from those companies. The way that they are taken down includes exposing every time each investor engages in a bribe, breaks the law, abuses employees, rapes, tax evades, lies, cheats, steals, runs character assassinations, operates anti-trust violating monopolies, spies and is generally a dirty pig.

Bill Cosby thought he could not be taken down. He was!

Enron thought they could not be taken down. They were!

Dick Nixon thought he could not be taken down. He was!

Hillary Clinton thought she could not be taken down! She was!

Theranos thought it could not be taken down! It was!

The list is endless. The fact is clear: *If you cheat rather than compete you will be destroyed*.

It is now easier than ever to kill a corrupt entity!

We have hard-fact FBI and CIA-class evidence that Google, Gawker, Gizmodo, Jalopnik, Univision, Facebook, Tesla, Goldman Sachs and others are breaking the law and exist based on a criminal operation. That is why they are going down! We witnessed them do the crimes. Their ex-employees and federal investigators saw it too. That is why they are helping with the take-downs. Millions of web users who hate corruption are helping too, using crowd sourced forensics.

The deaths of these crooked behemoths will be long, slow and hard..but the crash they make when they finally fall will resound throughout history!

An Extinction-Level Interdiction Program known as an "ELIP" always guarantees that a corrupt attacking corporation will:

A. Lose a minimum of one billion dollars in stock market and brand valuation from exposure of the truth about them.

B. Suffer the firings or forced terminations of multiple senior staff.

C. Have draft FBI 302 forms authored and submitted to the relevant regional FBI offices where those companies are located.

D. Have private investigators prepare case files on the company, or individual, and submit those to every relevant law enforcement and regulatory agency on every continent.

E. Have every investor who has placed over \$50,000.00 in the company investigated for tax fraud, expense fraud, drug abuse, spousal abuse, sexual extortion, off-shore accounts, political bribery, kickbacks, payola, under-the-table payments, real estate fraud, 501 c 3 and 501 c 4 charity fraud, self-dealing, revolving door political payola and other relevant issues.

You will be even more powerful than Ralph Nader, Julian Assange and Edward Snowden COMBINED!

You will ensure that the public servants, who are your EMPLOYEES!!!!, are held accountable and totally, completely devastated for their crimes against the public.

This is an instruction book about how to destroy the most criminally corrupt politicians and dirt-bags in the world. It teaches you how to wipe out any corrupt person, campaign, company or other entity without breaking the law and to do so for very little expense and with no need for expert skills.

Any private citizen taxpayer has the right, the tools and the ability to do these things.

Why should you need to do this?

BECAUSE NONE OF THE PEOPLE YOU ARE PAYING TAXES TO ARE DOING THEIR JOBS!

The local police, The FBI, The Courts, The SEC, The FEC, The Attorney Generals, The Mayors, The City Supervisors, Your Senators, Your Congress-People.. ALL OF THEM HAVE RECENTLY BEEN ARRESTED, INDICTED, FIRED AND/OR EXPOSED DOING CRIMES TO COVER UP THEIR FRIEND'S CRIMES!

THEY HAVE ALL RECENTLY BEEN CAUGHT RUNNING FINANCIAL CRIMES AND OPERATING STONE-WALL CAMPAIGNS IN ORDER TO KEEP THE PUBLIC FROM GETTING JUSTICE!

You, the taxpayers, have nobody in the system that is on-your-side any more.

For example; The Silicon Valley Oligarchs pay-off the California Senators and they all put hundreds of millions of dollars in their private bank accounts in the Cayman Islands. They got most of that money from your paycheck and your tax payment every April.

They are not going to help you! They are going to continue to rob you while running their stock market insider trading scams at your expense.

"Officials" in California may say "oh, my, that certainly sounds like a bad thing...you should report that, immediately to your lawful representatives: Dianne Feinstein and Nancy Pelosi.." The fact is that Feinstein and Pelosi are running some of the largest graft, payola, revolving door, nepotism and insider treading scams in the whole crime scheme. So how can anyone expect you to go into their offices with a straight face and expect them to help you?

Not only will they not help you, the second you leave their office, their staff will be on the phone to Fusion GPS, Gizmodo and Gawker Media, Black Cube and Podesta Group to order those companies to attack and destroy you. Your life will be ended.

If they get to do that to you, then you get to do it right back to them...except you are going to partner with 300 million other voting taxpayers to utterly and completely wipe these dirty scumbag politicians out forever.

You will destroy their brand, their finances, their power and their family legacy for the rest of time in every history book that will ever be! You will expose them. You will shame them. You will peel their whole filthy dynastic family empires open like a skinned possum!

CIA, FSB and STAZI psychological warfare operatives are widely documented deploying techniques that can brainwash you into killing your whole family, echo-chambering your whole factory to be either for, or against, unions, believing mass media propaganda about totally fictional issues and other subliminal mind tricks. There are tens of thousands of books and movies about how Madison Avenue ad agencies use these tactics. Modern politicians created operations like In-Q-Tel and New America Foundation to weaponize these tactics. These are the tactics that corrupt politicians and sociopath Silicon Valley social media companies are now using as political weapons against you.

They are *not* doing awful things like this to try to get you to believe that their political ideas are better. They are doing awful things with your government and your media in order to rig the stock market so they can buy more hookers, jet planes and mansions. You must shut them down before everything is taken away from you and you have no options left for counter-measuring their crimes.

At the point that all of the public's hope, and all of the taxpayers options, are taken away. That is the day the public starts shooting all of the politicians with actual guns.

This book was created to stop that potential violence and to give the public one last lawful and creative non-violent option.

Average consumers are now wiping out the largest corrupt companies and politicians on Earth; and you can do it too using one potent weapon: The Truth!

For the rest of time, the message must ring out loud and clear:

"DO NOT EVER RUN FOR POLITICAL OFFICE IF YOU OR YOUR COVERT FINANCIERS WANT TO MAKE MONEY OFF OF IT. YOU WILL BE WATCHED AND HUNTED DOWN FROM THE DAY YOU ANNOUNCE YOUR CAMPAIGN."

The Public now has access to all of the same tools that the CIA, NSA, KGB, FBI and Fusion GPS have and they have hundreds of millions more "agents" (voters) than all of those spy agencies combined.

In other books we have exposed all of the dirty tactics they use to operate their crimes. Now we are exposing all of the methods that any members of the public can use to catch them and then use mass media distribution to expose them.

The big anti-corruption check-list looks like this. As you can see, it is well on the way to being completed:

"1.) Build The Internet (Done)

2.) Put Movies And Music On The Internet To Get All Of The Base Demographics And Nose Pickers To Come To A Collaborative Global Network (**Done**)

3.) Give Everybody On Earth All Of The Secrets About How Abused And Manipulated They Are By A Handful of Evil Billionaires (**Done**)

4.) Expose The Manipulative Fraud Of Political Party Bosses (Done)

5.) Tell The Entire Planet, 1 Million People At A Time, How The Billionaires Companies Abuse Their Privacy, Minds, Human Rights and Media Impressions (**Done**)

6.) Crash All of the Billionaires Main Stream "Fake News" Information Outlets by Exposing Them And Giving All News Away For Free And Teaching People How To Make Free Newspapers (**Done**)

7.) Crash the Evil Billionaires Silicon Valley Companies, and Money, By Contacting 1 Million People at a Time to Remind Them to Boycott Silicon Valley Companies and Their Products (**Done**)

8.) Contact Every Advertiser of Every Silicon Valley Billionaire and Warn Them To Pull All Ad Budgets For the Companies Who Contribute to Political Campaigns (In Process)

9.) Make It So That Non-Main-Stream Candidates Can Run And Win By Exposing And Breaking Illicit Election Rigging (**Done**)

10.) Sit Back And Watch The Fireworks (In Process)"

That check-list is very high-level. Let's get down into the weeds and examine the details of the process. You must become an FBI-Class, CIA-capable forensic investigator with your computer and mass social networking.

You have access to all of the same tools and intellect that every FBI and CIA agent has access to. CIA and FBI agents primarily sit at computers and track down connections. You can do that too using free public software and groups of people that also hate political corruption. It is actually quite easy.

You know when something is wrong or when something "smells fishy". Now you can turn your intuition and your public spirit into productive home-based forensic research that makes your nation great again.

You will create public case files and gather news articles and related information in order to expose each of the corrupt people that ruin this great country.

If you follow the tips here, and if the billionaire or company is truly corrupt, you can easily destroy billions of dollars of their stock market value, brand value, asset value and income.
